Call for Papers

International Conference on Digital Innovation (ICDI'24)

Theme: AI for Digital Innovation

Conference Overview:

The University of Monastir is delighted to announce the second edition of the International Conference on Digital Innovation (ICDI). ICDI serves as a global platform for researchers, industry leaders, and practitioners to converge and explore the latest advancements in the dynamic field of digital innovation. This year, our conference will delve into the theme of "AI for Digital Innovation," emphasizing the transformative impact of emerging technologies on industries and society.

Conference Dates: 15-16-17 February 2024

Location: Rosa Beach Thalasso and Spa, Monastir, Tunisia.

Key Topics:

ICDI invites submissions in the following main topics but is not limited to:

1. E-Science & Engineering:
   - High-performance computing in scientific research
   - Big data analytics and machine learning in data-driven science
   - Virtual and augmented reality in engineering design and simulation
   - Cyberinfrastructure for collaborative scientific research
   - Drones and autonomous vehicles in scientific research

2. E-Health & Biology:
   - Artificial intelligence in healthcare and diagnostics
   - Integration of biology in biomedical technology
   - Telemedicine and remote healthcare applications
   - Big data analytics in healthcare for population health management
   - Wearable devices and mobile health applications

3. E-Arts & E-Humanities:
   - Virtual and augmented reality in artistic expression and cultural heritage
   - Digital storytelling and its impact on journalism and media
   - Artificial intelligence in artistic creation and interpretation
   - Digital tools in music production and performance
   - Online education and its impact on learning in the humanities

4. E-Economy:
   - E-commerce and the future of online retail
   - Cryptocurrencies and their impact on the financial system
   - Digital payments, mobile banking, and financial services
   - Impact of artificial intelligence on the future of work
   - Cybersecurity challenges in the e-economy

Important Dates:
- Regular Paper Submission Deadline: December 31st, 2023
- Acceptance Notification: January 7th, 2024
- Final Paper Submission: January 14th, 2024
- Camera Ready: January 21st, 2024
- Registration Deadline: January 28th, 2024

Submission Guidelines:
Authors are invited to submit original, unpublished research papers following the conference guidelines. Submissions will undergo a Peer Review Process according to IEEE policy ((IEEE Publication Services and Products Board (PSPB) Operations Manual Section 8.2.2.A.4).)
